Quick and easy deployment

- Uses Microsoft Analysis Server 2008R2/2013/2016/2018
- Can run on the same box as Toolbox
- Can run on a different box from Toolbox
- Relies on integrated Windows User security

Industry-standard technology

- Works with Citrix and Windows Terminal Server
- VM environments
- Integrates to Microsoft SharePoint
- Supports Microsoft Power BI
- Directly integrates to Microsoft Excel
- Supports Microsoft Reporting Services
